General Information and Prices

Course Secretariat

event lab

+49 341 30 88 84 79, swolf@eventlab.org

Venue April 22nd-23rd

We are fortunate to stage this event in the breathtaking surroundings of the beautiful "Herzogssaal" in the heart of Regensburg. Hotels "Bischofshof", Goliath", and "Achat" are in immediate walking distance.

Address: Domplatz 3, 93047 Regensburg

Anatomic Dissections April 24th

Per Regensburg tradition, dissections will be on fresh frozen specimen of excellent quality. State of the art instrumentations will be provided with compliments of Karl Stroz Company.

Prices

•	Reduced (April 22 nd -23 rd) until Jan 31 st :	€	450
•	Reduced (April 22 nd –23 rd) from Feb 1 st :	€	500
•	Regular (April 22 nd –23 ^{rdh}):	€	575
•	Anatomic Dissections		
	(April 24 th , 2 participants per head):	€	1075
	Course Dinner (per person):		

Registration includes lunch and coffee on site, pre-congress Cocktail get together.

Hotels, Transport, Registration

Fly into Munich Airport; door to door shuttle transfer can be booked. Beautiful and moderately priced 4 star Hotels in 1 min walking distance in the heart of the old town. For all information see: www.facial-plastic-surgery.eu

April 22nd-24th, 2021

The European Course in Endonasal Rhinoplasty — Regensburg 2021

Program Directors: Holger G. Gassner, Abel-Jan Tasman

Cooperating Department: ORL, University of Regensburg,

Chair: Prof. Dr. Ch. Bohr

Organizing Committee: Darinka Hanga, Frank Haubner,

Rita Nunes, Franziska Schwan

Live Surgery: Transmission from the "Finesse Center for Facial Plastic Surgery"

Anatomic Dissections: Fresh frozen dissections

"Endonasal and open techniques", Dept. of Anatomy, University of Regensburg, Chair: Prof. Dr. E. Tamm

The European Course in Endonasal Rhinoplasty – Regensburg 2021

Dear Colleagues and Friends:

The world of rhinoplasty seems to experience an important shift towards the endonasal operation. Patients are increasingly requesting soft, minimally invasive techniques and preserving approaches. After the great success of the Symposia "Mastering Endonasal Rhinoplasty" in New York City 2018 and in Miami 2019, we are proud to present the first major scientific event solely dedicated to endonasal rhinoplasty in Europe.

We are honored to include globally recognized experts in the program. You will be presented with coherent solutions through deformity – oriented, encompassing presentations. The unsurpassed suitability of the endonasal operation to maximize preservation of skeletal structures and soft tissue compartments will become evident. Current controversies including management of the dorsum, extent of required exposure and indications for costal cartilage grafting will be critically discussed. Further aspects to be highlighted will include:

- understand and meet the patient's desires
- achieve naturally appearing results
- maintain a soft feeling nasal tip
- maximize patient comfort
- minimize tissue trauma and graft harvest
- utilize local anaesthesia and sedation in rhinoplasty

A full day of anatomic dissections will allow to practice all endonasal and open rhinoplasty approaches and techniques under expert mentoring. Basic and advanced concepts will be presented, applicable for younger colleagues, surgeons who would like to add endonasal approaches to their spectrum, and for the expert.

Regensburg, is one of Germany's most wonderful medieval towns, relaxing yet vibrant. The town is located close to Munich. Travel is easy through Munich airport, and hotel accommodation is affordable. Share the enthusiasm of over 1500 colleagues who have attended the past Regensburg conferences.

Please join us for this unique event and share a memorable time.

Preliminary Program

13:20–13:40 Rhinopasty under sedation: 13:20–13:40 Rhinopasty under sedation: 13:40–14:10 The So.F.T.
