General Information and Prices

Course Secretariat

europeancourse.regensburg@gmail.com

Venue May April 30th – May 1st

We are fortunate to stage this event in the breathtaking surroundings of the beautiful „Herzogssaal“ in the heart of Regensburg. Address: Domplatz 3, 93047 Regensburg

Anatomic Dissections May 2nd

Per Regensburg tradition, dissections will be on fresh frozen specimen of excellent quality. State of the art instrumentations will be provided. Department of Anatomy, navigate to intersection „Tiefstrasse West“ and „Am Biopark“.

Prices (per Person)

- Regular Course (April 30th – May 1st): € 750
- Reduced (EAFPS, RSE, April 30th – May 1st): € 675
- Anatomic Dissections (May 2nd, 2 participants per head): add. € 1675
- Both courses incl. dissections (April 30th – May 5th): € 4350
- Both courses reduced (EAFPS, RSE, April 30th – May 5th): € 4000
- Course Dinner (April 30th, per person): € 100

Registration includes lunch and coffee on site, pre-congress Cocktail get together.

Hotels, Transport, Registration

Fly into Munich Airport; 60 min direct train connection from the terminal building as well as door to door shuttle transfer (airportliner.de) are available. Beautiful and moderately priced Hotels „Goliath“ and „Herzogshof“ and more are in close walking distance in the heart of the old town. For all information see: www.facial-plastic-surgery.eu

April 30th – May 2nd, 2026

"Live Surgery"

"Anatomic Dissections"

In Conjunction with the Face Lift Course May 3rd – May 5th

Industry support

medicon[®]

Implantech
Facial and Body Implants

Disclosure: Medicon and W&H: logistical support, Implantech: 1.500 €

Program Directors:

Holger G. Gassner, Abel-Jan Tasman, Miguel Ferreira

Cooperating Department:

ORL, University of Regensburg, Chair: Prof. Dr. Ch. Bohr

Live Surgery:

Transmission from the „Finesse Center for Facial Plastic Surgery“ Olga Fischer

Organization:

Anatomic Dissections:

Fresh frozen dissections, Dept. of Anatomy, University of Regensburg, Chair: Prof. Dr. E. Tamm

The 5th Course in Endonasal and Minimally Invasive Rhinoplasty — Regensburg 2026:

Dear Colleagues and Friends:

Minimally invasive techniques benefit patient and surgeon alike. Less tissue dissection, measurable preservation of valuable tissues, enhanced recovery and a more benign situation for possible revision procedures. Endonasal approaches, preservation concepts and soft techniques are important elements of minimally invasive rhinoplasty.

The present course combines the Regensburg tradition of endonasal innovations with minimally invasive techniques performed through the open approach.

Presentations will be case – based and evidence based. The program has been designed in collaboration with the Evidence Based Rhinoplasty Research Group (EBRRG) and is under the auspices of EAFPS and RSE.

Topics of focus will include:

- step – by step instruction of endonasal approaches
- presentation of preservation concepts
- critical discussion of preservation concepts
- surgery under local anaesthesia
- strategies to enhance recovery

During a full day of anatomic dissections you will practice endonasal and minimally invasive rhinoplasty techniques under expert mentoring. Regensburg is one of Germany's most wonderful medieval towns, relaxing yet vibrant. Travel is easy through Munich airport, and excellent hotels are affordable.

The 4th European Course in Face Lift and Rejuvenation Surgery will take place back to back from May 3rd to the 5th. Benefit from the opportunity of registering for both courses and maximize your learning experience.

Please join us for these unique events

Preliminary Program

Wednesday April 29 th		
18:00–19:30	Welcome Reception for all attendees at the Finesse Center, Fröhliche Türken Str. 8	
Thursday April 30 th		
08:00	Registration	
08:15–08:30	Welcome address	Tasman, Gassner
08:30–08:50	Defining „Minimally Invasive“ in Rhinoplasty	Gassner
08:50–09:10	Mastering septoplasty	Tasman
09:10–09:30	Endonasal – defining the least invasive approaches	Haubner
09:30–09:45	Controlling tip position endonasally	Kashani
09:45–10:00	Controlling tip shape endonasally	Abikanaan
10:00–12:45	Live Surgery (Surgeon Gassner)	Tasman, Ferreira
12:45–13:30	Lunch Break	
13:30–13:45	Minimally invasive techniques of nasal valve reconstruction	Haubner
13:45–14:15	Endonasal Rhinoplasty under local anaesthesia – 15.000 cases over 50 years	Pastorek
14:15–14:45	Types of preservation – what is preserved and what not?	Ferreira
14:45–15:15	Pediatric Rhinoplasty	Menger
15:15–15:45	Coffee Break	
15:45–16:15	Revision Rhinoplasty – lessons learned over 20 years	Paun
16:15	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderator: Tasman	
	Dorsum I	Haubner
	Dorsum II	Tasman
	Dorsum III	Ferreira
	Dorsum IV	Gassner
	Tip I	Menger
	Tip II	Paun
19:30	Course Dinner at Restaurant Goliath, Goliathstrasse 10, Regensburg	

Friday May 1 st		
08:15–08:35	Being less invasive in rhinoplasty	Tasman
08:35–09:00	Quo vadis modern rhinoplasty	Paun
09:00–10:15	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderators: Tasman, Ferreira	
	The asymmetric nose I	Paun
	The asymmetric nose II	Gassner
	The saddle nose I	Tasman
	The saddle nose II	Kashani
	The under – projected tip	Kashani
	The short nose	Abikanaan
10:15–10:45	Break	
10:45–11:15	Tying endonasal together – Which approach when	Gassner
11:15–11:45	Preservation Rhinoplasty – Demystifying the „revolution“	Ferreira
11:45–11:55	Course photo in front of main entrance	
11:55–12:45	Lunch Break	
12:45–14:00	Interactive 10 minute cases: Present pre-OP, simulation, technique, post-OP Moderators: Tasman, Ferreira	
	Allogenic rib grafting	Paun
	The nasal valve I	Menger
	The nasal valve II	Haubner
	Complications from medical tourism I	Menger
	Complications from medical tourism II	Ferreira
	Complications from medical tourism III	Paun
14:00–14:30	Coffee Break	
14:30–16:00	Panel: One deformity, various solutions	Tasman, Ferreira
16:00	Adjourn	
Saturday May 2 nd		
09:00	Registration	
09:30	Dissections, Anatomy Laboratory	
12:00	Lunch	
15:00	End of course
